C/EUR/G

EGGW-2005

- 2. In April 1955, CASCOPE reported that an alleged BIS Naval Intelligence man, a Mr. RAMSAY, was in touch with a Mr. MADGE (fnu), of the Hamburg Branch of the London firm, United Baltic Corporation which firm CASCOPE believed to be a BIS cover firm.
- 3. In 1957 proprietary approval was requested to use subject as a correspondent for RFE in Hamburg, This was disapproved based on the strong possible association of RAMSAY with British intelligence. In 1958 subject was transferred to Brussels with RFE and in 1964 proprietary approval for his use as Bureau Chief there was again requested. This was then granted as of 24 September 1964, but there is no further information in subject's file, an indication that he was probably never utilized.
- 4. The documents in reference, namely, EGMA-14836 dtd 25 March 1955, EGQA-64554 dtd 22 June 1955 and EGGA-402 dtd 29 November 1955 were searched at Hqs as they were not in subject's 201 file. Copies of the latter two are attached for ______ Base; however, there was no abstract or record of EGMA-14836. It, therefore, is not recoverable.
- 5. The reply to the question in paragraph 1 of reference as to whether a British citizen could be a security chief of an American organization, namely, the RFE, is affirmative.
